Schools // Offices // Hotels // Commercial cleaning applications

- 360° Rotation, Snap Fit Elbow Hose Fitting
- High Efficiency Motor – 1300w
- HEPA 14 FILTRATION

Indoor air quality

Rocket Vac XP HEPA 14

Rotobric

The **Rocket Vac XP HEPA 14** is a high capacity 4L dry, low foot print, commercial vacuum cleaner, designed for cleaners needing added comfort for extended vacuuming shifts. It is the lightest vacuum in the range, with the lowest noise, and highest level of HEPA 14 filtration.

- Increased Operator's comfort:** Contoured E-Frame with ergonomic shoulder, waist and back pads providing greater user comfort throughout the entire cleaning operation.

- IRAM Filtration Technology:** 3 stage progressive filtration system using paper, BFT cloth and VFD panel filters: or 99.97% efficient HEPA 14 Filter.

+PLUS features

360 degrees hose joint rotation for increased comfort and reduced fatigue

Clear lens to easily check dust levels

Magnetic latch and lid design enable quick & easy changes for left or right hand operation

High Efficiency Motor providing unsurpassed airflow and suction
